

# HOW TO START BUG HUNTING?

- ✗ Do **NOT** test applications with no permission.
- ✓ Test applications that have a **bug bounty program**.
  - A simple Google search will return lots of them;
  - Or find them in Bug Bounty platforms.

# SUBMITTING A REPORT

- Ensure vulnerability is valid.
- Ensure vulnerability in scope.
- Provide as much details as possible.
- Provide screenshots.
- Provide a video.
